

REMEMBER WHERE YOUR COURAGE COMES FROM

Why do we dive into fear? What leads us to experience the world exactly as we perceive it? What encourages us? What attracts us to contract Totality into a body-world?

The only true answer is God. He is not the cause of separation, nor is He to blame for our choices. But He is the Source of Existence, the Origin of all Creation. And Creation is His Extension, for Love cannot conceive of fragmentation.

Love only conceives what is Eternal, and therefore, in It there is Freedom. It is for this reason that we seem to be here, or anywhere else we have desired to be. And what encourages us to be exactly where we are is God. God in All His Glory.

It was not out of fear that we dreamed of separation... it was out of Freedom. And Freedom is the very Love of God. That is the Answer... the Love of God. What motivates us, in Truth, will always be His Freedom, which is ours, because we are One.

To look at our body-world and recognise God's Love is to allow the Light of Creation to be revealed. It is to commune with Our Essence. It is to undo all the fear that keeps us identified with the finitude of the world, and not with His Magnificence.
