

RECEIVE THE MIRACLE  
CAUSALITY

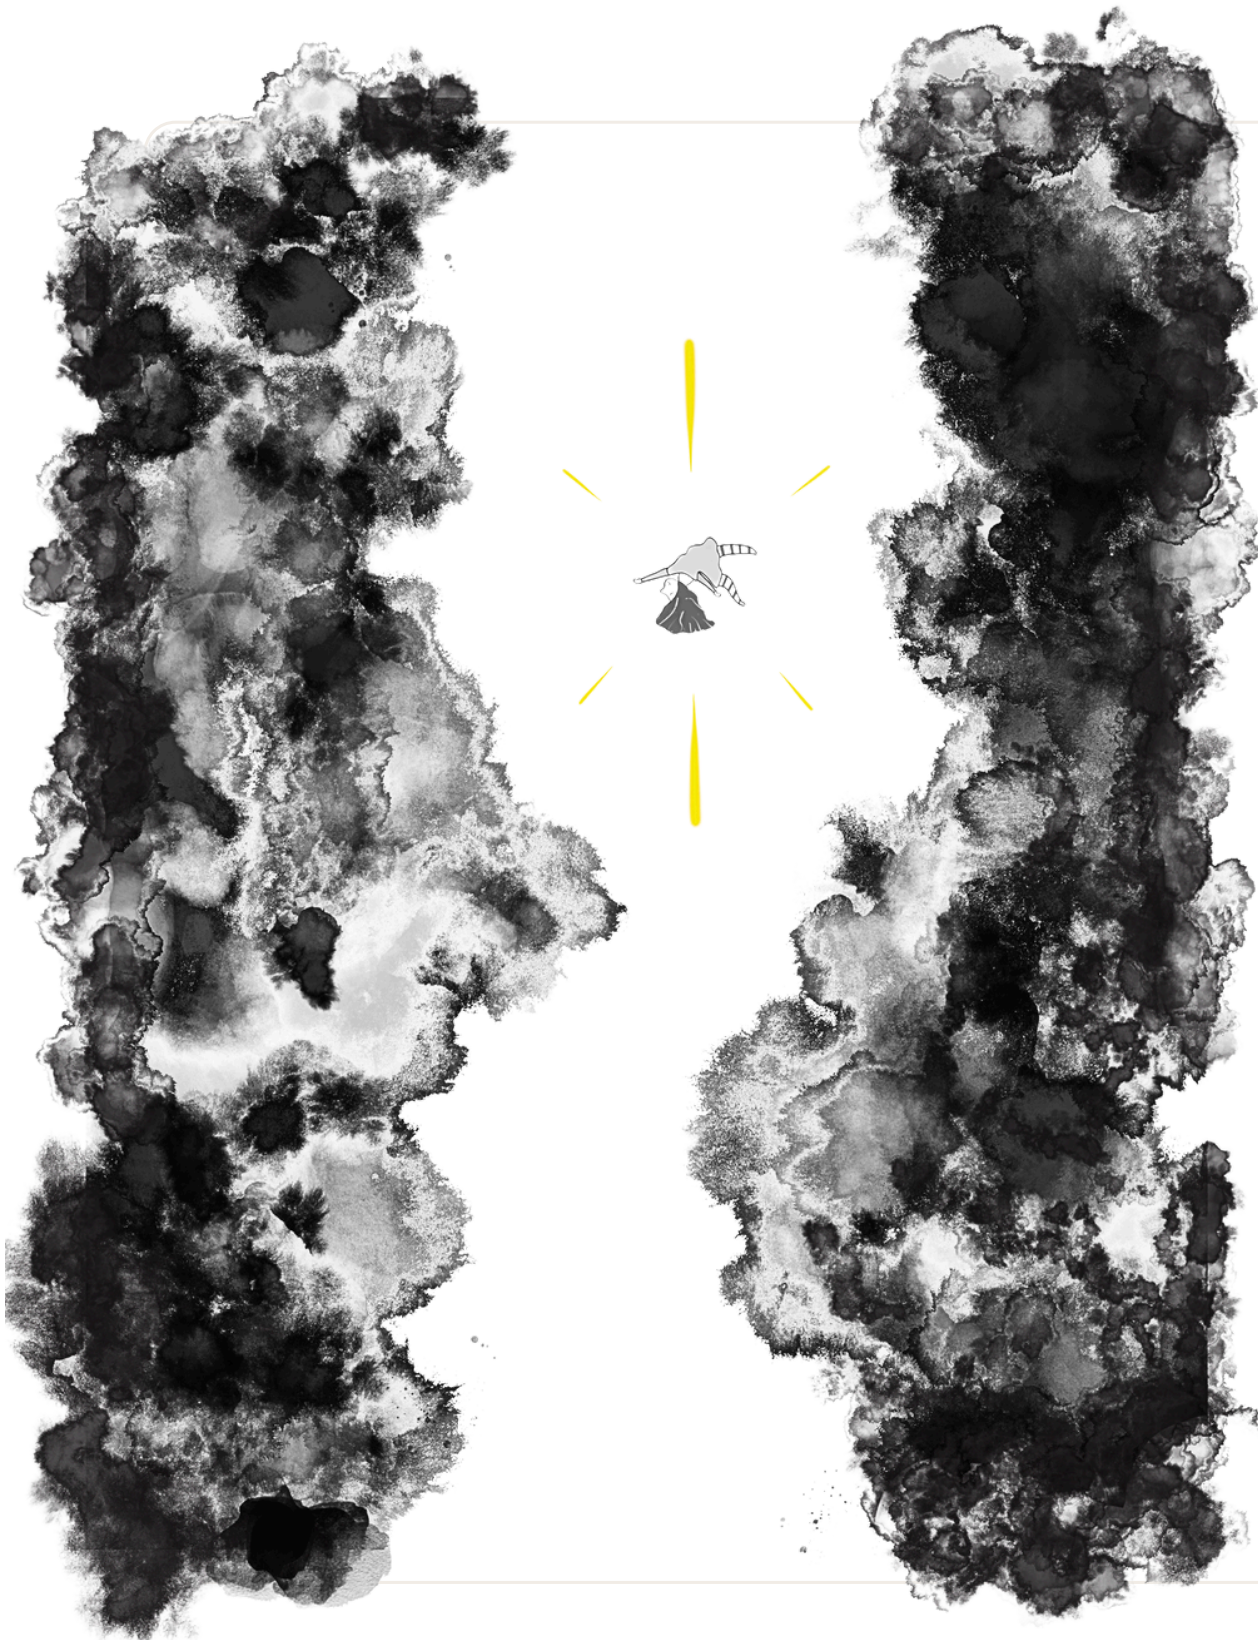

God is the Cause. He is, was, and always will be. We are His Effects. The Effects of a Loving Thought from God. Loving because the Mind is One. All of His Thoughts contain not even the slightest shadow of anything that is not Love. And since His Creative Force is eternally and immutably Love, there is not even a trace of any movement that is not Extension. It is impossible to be diminished, divided, fragmented, broken or contained. Love only extends Itself. And here... we are.

*Without a cause there can be no effects, and at the same time, without effects there is no cause. The cause becomes a cause because of its effects; the Father is Father because of His Son. The effects do not create the cause itself, but establish its causality. Thus the Son gives Fatherhood to his Creator and receives the gift he gave Him. And because he is the Son of God, he must also be a father, who creates as God created. The circle of creation has no end. Its beginning and its end are the same. But in itself, it contains the entire universe of creation without beginning and without end (T-28.II.1).*

Without God, we would not exist. And through us, He extends Himself. And since the Creating Force is extensive, there is no possibility that we are not in His Image and Likeness. This is the Gift we received when we were created. And because it is a Gift, we share it, extending ourselves in Communion with the Source of all Creation.

Separation is the absence of causality. When we believe we are our own cause, we forget Who we are. In this dream, the dreamer makes himself, depriving the Father of His Son and thus making God an image in his own likeness. He makes God another of his projections.

Salvation restores the Memory of the Cause. Salvation reveals the dream to the dreamer. And when we realise that every effect must have a cause and that without a cause, without a Purpose, the effects are illusory, the mind is freed. And in Freedom, it can choose to undo all dreaming.

EXERCISE 23.11.25

EBeing late for a test, falling from a high place, being naked in public, being chased by someone... Which dream do you wish to wake up from?

Which dream still seems real to you, even with your eyes open, and which you, in fact, no longer wish to dream?

What relief and autonomy do you wish to have upon awakening? Observe what you no longer desire and refuse to be an involuntary part of it.

Recognise yourself as the dreamer. From this recognition, choose what you truly desire. All Miracles are based on this choice and are given to you the Instant you make it.

A THOUGHT FOR THE WEEK

Our belief takes us only as far as we think we know. We remain limited, perceiving ourselves as finite creatures and clinging to everything we think we are and have. But our mind and our heart have a choice: to lift our gaze and see Heaven opening through the Will of the Father, the Son, and the Holy Spirit... through Divine Will. And it is through the One Will that we respond to our Father's Call. So that this Union may never end, we are His and He is ours. And until we recognise that His Will and ours are one, nothing will stand between us, not even our minds or our hearts.
