

WE DENY WHAT WE CREATE BECAUSE WE ARE FREE

This is our gift: to be eternally the Image and Likeness of our Creator. We deny God when, in our forgetfulness, we relate to our creation merely as supporting actors. We deny our Creator when we do not recognise who we are, that is, when we do not recognise all the Power He has given to our minds.

We are free to create, at every moment, absolutely everything. Free to give birth to worlds. Free to clothe bodies that travel through them. To design experiences that stage what we wish to live. And to paint perceptions that translate the fulfilled desire of our minds.

Isn't it beautiful to observe what exists beneath this layer of insanity? Isn't it beautiful to see God present in every part of our creation? He is in us – Creators extended by the Force and Light of His Thought.

This is Power, the reflection of infinite Freedom, which we still exercise even to create more and more distance from our true Identity. We are eternally the holy Son of God.

Out of your gifts to Him the Kingdom will be restored to His Son. His Son removed himself from His gift by refusing to accept what had been created for him, and what he had created in the Name of his Father (T-10.V.11:1).

From our creation – of every world, every body, every experience and every perception offered to God – we will recognise Who We Are. We will accept the Holy Spirit as our only Guide, so that we will never again exclude ourselves from the Joy of God's Company. We will no longer deny Him our creation.

EXERCISE

Heaven now reserves a moment of Light for you:

a moment with your Being.

Heaven offers you a new experience,
a new kind of feeling, a new awareness.

How?

Through your desire to let your mind rest in serene expectation and in the joy of stillness.

I always suggest a practice that allows you to silence the mind that judges itself to be separate from God.

What kind of practice?

One in which you devote an extended period of time to the thought that you are One with God. There is no rule. There is no special word. There is only your desire and your willingness to practise the Truth.
